

# STAY PUT<sup>®</sup>

by Sawyer<sup>®</sup>

a **BONDING BASE**  
FORMULA

**SUN BLOCK**

All Day Sports Formula  
Sweat & Waterproof  
Non-Greasy Feel

**SPF30**  
4 FL. OZ.

First developed for Desert Storm, Sawyer's Stay Put<sup>®</sup> **BONDING BASE** formula sun block has been formulated for the dry condition of high altitude and desert climates. Tested and proven effective at high altitudes through summer sports camps and rigorous beach and water tests, this **BONDING BASE** technology is the most effective and comfortable formula you will ever try.

Optimal protection is achieved when applied to cool, dry skin early in the day before the sun is high and the air is warmed. Light reapplication may be desirable midday if conditions are extreme.

**DIRECTIONS:** FOR BEST RESULTS, APPLY LIBERALLY TO COOL DRY SKIN. RUB INTO SKIN AND ALLOW TO BE ABSORBED FOR TEN MINUTES BEFORE EXPOSURE TO SUN OR MOISTURE. COSMETICS MAY BE APPLIED OVER SAWYER'S BONDING BASE.

To remove, use soap and water. In most cases, when applied properly, one application will provide all day protection; however, application techniques, extreme exposure to sun, heat or weather conditions may vary. Monitor your skin throughout the day and re-apply if necessary.

**ACTIVE INGREDIENTS:** Octinoxate, Octisalate, Oxybenzone, Homosalate.
